CERAMIC

3R2650NCR

Description

This braided cable is made of high quality ceramic yarns. A nickel chrome reinforcement is added to improve its resistance to high temperatures. The 3R2650NCR is available in round and square form.

Applications

Whether used for sealing jobs or thermal insulation this cable is often used as a sealant. Easy to handle, the 3R2650NCR can be cut, rolled up and by-pass around sharp objects. When a high density is required, it is recommended to use a square cable.

Specifications

Technical Data

Temperature	1260°C (2300°F)
Diameter	1/4", 3/8", 1/2", 5/8", 3/4", 1", 1 1/4", 1 1/2", 2"
